Our vision is a world where all people live free of the burden of drug abuse. DFAF is a Non-Governmental Organization (NGO) in Special Consultative Status with the Economic and Social Council of the United Nations. Please visit our website www.dfaf.org to learn more.

About the Young Professionals Advisory Board

The Young Professionals Advisory Board is led by youth for youth! Drug Free America Foundation is looking for energetic youth that are passionate about preventing substance use to keep our youth, families, and communities safe and healthy.

Benefits

As a Member, you have a unique opportunity to have a voice in a critical global public health issue and make a difference in promoting healthy behaviors and preventing substance use through education and influencing policy and change. This is an excellent opportunity to develop and enhance a variety of skills such as leadership, problem-solving, research, public speaking, collaboration, and advocacy as well as gain experience and community service project hours for both college and job applications. Further benefits include developing valuable relationships with others who may have a shared experience and access direct-to-teen marijuana training through Johnny's Ambassadors.

Objectives

Active participation in various activities including planning and development of social media content, resources, and projects for youth aimed to promote healthy behaviors, prevent substance use, and promote recovery as well as attending and presenting at events.

Eligibility

Youth ages 18 to 25 are invited to apply. Members will commit to serving a one-year term and adopt the One Choice health goal which is no use of any alcohol, nicotine, marijuana, or other drugs under the age of 21 for their health. Learn more about One Choice at www.onechoiceprevention.org.

Application Process

Complete the New Member Application and submit with your letter of recommendation and essay (refer to application for details) to Chantel Lincoln at clincoln@dfaf.org.
