

Drug Free America Foundation Inc. (DFAF) is partnering with the Hillsborough County Anti-Drug Alliance to host the 11th Annual Drug Prevention Summit. The 2-day event will be held February 19-20th, 2024 at the Tradewinds Resort on St. Petersburg Beach. The goal of this summit is to increase awareness of the impacts of drug use and abuse, enhance knowledge of how to reduce access, change social norms and encourage discussion of current policies. The summit will focus on implementing successful prevention strategies and providing tools to empower communities to advocate for sound drug policies.

With ten successful summits behind us, we are looking forward to 2024's event and hope that you will consider being a sponsor.
